Field Captain's Report:

Steve Whitehurst – noted there will be a work detail on September 18, 2010 – Weed eating and trimming is needed; and will possibly move some of the targets. Per Steve, we will probably need some new inserts and some targets next year. We may also want to purchase some more target bags. John Castro might paint green dots (targets) on the sides of the target bags for better differentiation when using sight pins. It was suggested we check with Bemco or Verlo (mattress companies) to see if they have scraps we could use for fill in the target bags. We may also want to check prices on the pre-filled bags at Farm & Home, etc. to see if there is much difference in cost.
